Thanks, Lisa! I will save this in case the question comes up in the future. Diana

Hi Nicholas,

It's not permanently assigned. It's used to connect data between sheets in the workbook, especially when people are reporting for multiple sites. However, it is not permanently associated with the facility.

Hope this helps,
Lisa

Hi Nicholas,

That is a good question. It is not immediately evident to me if the facility record number is a permanently assigned ID or just a record for that year's report. I am copying Lisa Thompson from EPA HQ on this reply. I am hoping she can provide the direct answer for this.

Diana

Subject: OOOOa reporting template

Diana –

I am using EPA's template for OOOOa reporting and have a question. Once you assign a "facility record No." to a facility, does that facility record number need to be used for that facility in all future reports or can it change from year to year?

Thanks,

Nicholas Fitzmorris, P.E.
